

The CHAMBER

ALLEGANY COUNTY, MD

Executive Director

We are nearing spring and this marks the end of some things and the beginning of others. Winter weather notwithstanding. March 7 is the final date for introduction of bills without suspension of Rules in the 444th session of the General Assembly of Maryland. The Chamber has taken a new approach at keeping members updated on the legislative process this year with weekly updates, posting letters on our website, and making calls to action when a particular bill has potential to impact our business community. On March 3 and 4 a great number of us will be in Annapolis for the PACE reception and breakfast, as well as participating in meetings – in particular, we will attend a meeting with Department of Commerce Secretary Mike Gill, and MDOT SHA Administrator Tim Smith. Thank you to **The Greater Cumberland Committee** for making these important connections possible. The PACE Talking Points for this year are centered on outdoor recreation and were shared in our weekly update. You can also find them in this newsletter.

On March 8 and 9, the **Leadership Allegany! Class of 2021-2022** will be in Annapolis for the program's showcase of State Government. We have been fortunate that after many unknowns, things have opened up and we can provide the participants with a great experience. Thank you to **Stu Czapski, Class of 1999** and **Julie Westendorff, Class of 2019** for their help in this monumental planning process.

Hopefully you have received an email about our **6th Annual Golf Outing** to be held on Friday, May 6 at the Cumberland Country

Club. We have added some fun, new sponsorship opportunities, and even if you're not a golfer, maybe your business would consider a sponsorship for the event. Planning for the **Lucky Ladies Night Out** event is now underway, as well, scheduled for June 10 at the Shrine Club picnic grounds. Sponsorship opportunities will be open for this event, too. We will also be seeking out volunteers for both of these events in the coming weeks.

Like a Woman is set for Friday, March 18 and we sold out of seats for this prior to closing our early bird pricing. Thank you to **Allegheny County Commissioners, First Energy, Rocky Gap Casino Resort** and **UPMC Western Maryland – Platinum; Sgaggero Event Planning – Gold; and ACT 1st Federal Credit Union & Coldwell Banker Professional Real Estate Services – Silver** for your generous sponsorships. With a keynote speaker, **Marjorie Gray**, bringing a globally recognized presentation to our doorstep, and a panel including **Kate Barnard, Kinfolk Counseling, Tifani Fisher, NAACP, Heather Lancaster, Spectrum Designs, Rev. Martha Macgill, Emmanuel Parish, and Michele Martz, UPMC Western Maryland**, moderated by **Jennifer Walsh, TGCC**, this is a powerhouse program for our community.

In reading this, it may seem as though we are heavily focused on events, but when I look back over the past month of our committee work, it is little wonder why I am exhausted. We successfully offered a leadership workshop thanks to **Dr. Bill Rocks** and **Chandler Sagal** of **Allegheny College of Maryland**, and our **Leadership Allegany! Alumni** revisited broadband recently. It is important to me that the Chamber is well-rounded in offering a balance of programming, events, and workshops, all while keeping a strong foothold on our advocacy efforts. In an election year when we felt perhaps some of the big-impact bills would not pass, we are seeing that some have legs and are of great

concern, but we will continue to serve as a voice for Allegany County.

One final note, the Chamber is seeking from its membership those who might have an interest in serving on an ad-hoc committee for the Bell Tower Building. With hidden gutter repair happening soon, there is still significant work that must be done to preserve the health and safety of the building. The committee will be responsible for looking at the needs, both urgent and long-term, as well as regular maintenance. If you or someone from your company has an interest, please contact the Chamber.

The Outdoor Economy

Home to 158,000 acres of public land (31% of the entire state’s owned acreage), Allegany and Garrett counties in Western Maryland are gateway communities to a large number of nature-based assets and four seasons of outdoor recreation opportunities. With over 500 miles of developed trail systems, one national park, three state forests, 11 state parks, and 27 public water assets, our mountainous counties offer access to outdoor recreation, thus providing a unique value that differentiates us from the rest of the state while generating important and sustainable economic and community development.

According to the Maryland Outdoor Recreation Economic (MORE) Commission, which was released in December of 2019, outdoor recreation-related expenditures generated \$14 billion in annual consumer spending and 109,000 direct jobs in Maryland. Nationwide, the outdoor economy numbers are equally as impressive with \$787.6 billion in consumer spending; \$5.2 million jobs; and \$125 billion in federal, state, and local tax revenue.

Western Maryland is well positioned to continue the tradition of collaboration to leverage a regional approach to the outdoors for economic growth, job creation, and tourism initiatives. Allegany and Garrett counties understand maximizing their close proximity to major metropolitan and consumer centers, four-season outdoor recreation experiences, rich quality of life assets, and the infrastructure that will attract and retain full-time residents and will result in the highest quality of life to live, work, and play.
