

The CHAMBER

ALLEGANY COUNTY, MD

Executive Director

The Chamber has long been vocal about issues in the community, specifically related to economic development, the business climate, and every other contributing factor of our economic strength. It made sense for the organization to have a committee dedicated to this for many years. Kim Leonard has led the Economic Development Committee for a great number of those years, and recently addressed the Board with a recommendation to pause the committee to allow a dedication of time and focus on regularly convening our economic development leadership in place of monthly updates. Since April, the Chamber has held several meetings with the **Cumberland Economic Development Corporation, Downtown Development Commission (Cumberland), Allegany County Department of Economic Development, City of Frostburg, and Frostburg First** in our office where an unofficial agenda of possible projects has been discussed. Although in its infancy, the group is working toward a joint focus that would help shape larger goals for our community. Thank you, Kim, for your continued leadership and advocating with me for the membership! Additionally, thank you to the Board who has continued to focus on our mission to *“serve as a valued investment and resource for the business community through leadership, advocacy, education, and networking.”*

We had a busy June, and although July serves as a breather before our Crab Feast, we'll be hosting our selection committee for the **Annual Recognition Reception** where selections will be made for Business of the Year, Entrepreneurial Spirit, Community Service, and a Nonprofit of the Year. Mark your calendars for **Thursday, November 9**

when we celebrate our honorees and find out who our Nonprofit of the Year is!

Leadership Allegany graduated 22 more community leaders on June 7 and closed out the application deadline for the Class of 2024. Thank you to **Dr. Sara Beth Bittinger**, *Frostburg State University* and **Robert Godfrey**,

UPMC Western Maryland for their continued leadership – the cycle is ongoing with this program. It's important to mention that the dedication of our alumni is vital to **Leadership Allegany** and the Steering Committee includes vast knowledge and experience that aids in building topic days and experiences for each class. It is also a volunteer committee of alumni that helps us select our next class, which is always a process of tough decisions. Thank you **Alumni**, for your continued support, which continues to be a valuable opportunity for so many people in Allegany County and beyond!

Thank you to **Pam Detrick** and everyone at **Chartwell's** who made for a great June *After Hours*! As usual, the food and fun drinks were a hit. We're keeping things interesting this summer – our July *After Hours* is a week later than usual on July 26th at **Turnbull, Hoover & Kahl, P.A.** We had another absent winner for Network & Win which means the pot of money is now at \$1,500! You must be pre-registered and present to win so get that online registration in before the deadline!

I briefly mentioned the Crab Feast, which will be held on Friday, August 4, and we have tickets! Only a few private tents remain available and can be reserved by contacting the Chamber office. Get them now! Thanks to our sponsors **The Belt Construction Group, First United Bank & Trust, WVU Medicine Garrett Regional Medical Center, and WVU Medicine Potomac Valley Hospital.**

Leadership Allegany is a nine-month program dedicated to promoting positive change by creating a network of leaders with a clear understanding of the community and a commitment to its advancement. In a forum of open discussion and interaction, class members acquire a deeper understanding of the issues endemic to the region by observing and hearing the views of others and gain an understanding of the public and private operations within Allegany County and the state of Maryland. Educational programs engineered for class participation and dialogue cover topics such as Economic Development, Education, Environment, Health Care, Local and State Government, Human Services and Arts and Entertainment. The program provides an opportunity for individuals to become acquainted with the processes, programs and challenges that exist in the region.

The Class of 2023 joined the ranks of over 580 **Leadership Allegany** alumni who have completed the program. The Allegany County Chamber of Commerce believes that a strong community is tied to leadership and the more informed and involved the citizens of a community become, the brighter the future for everyone.

For more information about the **Leadership Allegany** program please contact the Allegany County Chamber of Commerce at 301-722-2820.

Alumni Spotlight

Kerri Caporale
Class of 2006

The **Leadership Allegany** Alumni Committee is proud to “spotlight” a **Leadership Allegany** alum quarterly in the Chamber e-newsletter. The alumni member is asked to answer a few questions about how their personal and/or professional life has been impacted by their **Leadership Allegany** experience.

The **Leadership Allegany** Alumni Spotlight series this quarter highlights the Class of 2006, and we are proud to introduce you to class member **Kerri Caporale**.

What is your current role/title?

Kerri Caporale
Owner/Operator, The Caporale Group

What is your favorite memory from your Leadership Allegany experience?

I remember how surprised I was to learn so much from every session. No matter what organization, landmark, or business we visited, even as a lifelong resident of Allegany County, I always learned something new and interesting.

How did Leadership Allegany impact you professionally or personally?

In 2005-2006, I was one of the youngest members of my class and pretty new to the professional world. I was also

a lifetime resident of Allegany County. Many of the other members of my class had lived elsewhere and had a great deal more life and professional experience. I enjoyed hearing their perspectives and learned from both the formal class discussion and our individual conversations. Having the opportunity to pick the brains of more seasoned professionals at that point in my career was something I wouldn't have experienced outside of **Leadership Allegany**.

Describe a rewarding moment in your career?

Starting my own business was a real leap of faith. At the time I was considering it, I was happy, successful and established professionally with another local company, but personally had some big changes going on. It was one of those pivotal moments people talk about – a now or never thing. Eight years later, I'm proud to have taken the risk. My business not only survived the pandemic but is going strong. **Leadership Allegany** is one of the experiences that gave me the skills and confidence to go for it!
